[ORIGIN : AUSTRALIA]

## 100% pure grain recipe

When smooth taste meets smooth texture, that's where you'll meet Flyka. Crafted for quality and bottled with skill and passion, Flyka delivers a vodka that's both pure and sophisticated for the most discerning of vodka drinkers.

Flyka is a pure and sophisticated vodka that uses a 100% pure grain recipe. Produced from wheat, Flyka is distilled through a continuous still to purify the liquid, which is then diluted with filtered water at boiling temperature. The distillation and fermentation process removes the gluten, with the end result being a pure and crisp gluten free vodka.

Discover this elegant vodka with Flyka by enjoying on its own, in a mixer or in a classic martini or cosmopolitan cocktail!
